

MEEA Position Announcement

Director of Programs

Organization Overview

At MEEA, we leverage our unique position as the Midwest's key champion and trusted information resource on energy efficiency policies and programs to help our members and stakeholders identify, understand and implement cost-effective energy efficiency strategies that provide economic and environmental benefits.

As a collaborative network and an influential membership organization spanning thirteen states, we provide a professional forum where energy providers, policymakers, implementers, manufacturers, advocates, and other stakeholders can make connections, seek advice and learn about energy efficiency. With our dynamic annual conference, MEEA plays an important role in forging partnerships, promoting new technologies and curating the evolving conversation around economic sustainability and environmental stewardship from energy efficiency.

Position Summary

MEEA is seeking a Director of Programs to be located in its Chicago, IL office. The Director of Programs will be a strategic person interfacing with MEEA's current and potential program sponsors as well as overseeing MEEA's program design, administration and management efforts for its utility, state and local energy efficiency programs. The Director will also be responsible for the contracts and obligations for all of MEEA's program initiatives and is a member of MEEA's Senior Leadership Team. The responsibilities for this position include, but are not limited to:

- Oversee and manage MEEA's program staff
- Work with other directors to develop and attain MEEA's program vision and goals
- Manage existing program portfolio of over \$3.5 million and work with program staff to develop new opportunities
- Represent MEEA in meetings, conferences and events and develop and maintain working relationships with potential sponsors, mainly utilities and government agencies
- Be a strategic thinker to design and secure sponsorship of new potential programs
- Be a technical resource for programmatic information and technical questions from Members and program sponsors
- Manage Special Projects Manager and launch MEEA's emerging Market Transformation Initiative
- Report to Executive Director and maintain board interface for programs and lead MEEA's Program Committee
- Manage MEEA's grant and contract terms, including compliance and reporting
- Manage Midwest collaboratives on advanced lighting and home performance and establish regional collaboratives to address member needs
- Liaison between accounting and program staff to lead reporting and budgeting efforts

Professional Qualifications

The successful candidate should have broad knowledge of energy efficiency policies, programs and technologies, excellent communications, organization and networking skills, and ability to work collaboratively as well as independently. The specific qualifications desired include:

- Minimum 7 years' experience working on energy programs preferably for a utility, state energy office or contractor organization
- Broad technical knowledge and ability to communicate to key stakeholders required
- Management experience required
- Experience with program design, reporting and administration required
- Demonstrated understanding of the efficiency marketplace and major players in the Midwest
- Self-starter with ability to work on multiple projects
- Commitment and passion for energy efficiency and collaboration
- Bachelor's degree in environmental management, engineering, economics or applicable field. Master's degree is desired.
- Green certifications are a plus

Compensation

The compensation for this position will be commensurate with experience.

Location

Civic Opera Building
20 N Wacker Dr.
Chicago, IL 60606

To Apply
