

MEEA Accomplishments 10 Years of Impact

Training and Certificates Offered By MEEA

- Participating Energy Efficiency Contractor (PEEC) Network = 257 contractors
- Building Operator Certifications (BOC) = 1,731 operators, 15,805 days of training
- Energy Efficiency Contractor Database = 1,900 contractors
- Midwest Building Solutions = 329 builders

Energy Efficient Products and Appliances Distributed By MEEA

- Compact Fluorescent Lights (CFLs) = 7,678,141
- Refrigerators = 8,187
- Washers = 6,419
- Water Heaters = 584
- Boilers = 117
- Fluorescent Fixtures = 5,015

Impact of MEEA's Programming

Combined Environmental Impact

■ **3,184,618,771 (kWh)/Equivalent to annual greenhouse gas emissions from 437,300 passenger vehicles**

■ **65,278,123 (therms)/Equivalent to annual greenhouse gas emissions from 62,407 passenger vehicles**

■ *Building Operator Certifications*

Lifetime Savings/Electric: 259,650,000 (kWh)

Lifetime Savings/Gas: 64,062,295 (therms)

■ *Change a Light, Change the World*

Lifetime Savings/Electric: 1,480,924,470 (kWh)

■ *National Double Your Savings with ENERGY STAR® Clothes Washer Campaign*

Lifetime Savings/Electric: 23,571,996 (kWh)

Lifetime Savings/Gas: 1,215,828 (therms)

■ *Illinois Residential Lighting*

Lifetime Savings/Electric: 73,954,274 (kWh)

■ *Lights for Learning*

Lifetime Savings/Electric: 35,171,542 (kWh)

■ *Northern Illinois Energy Project*

Lifetime Savings/Electric: 1,255,936,924 (kWh)

■ *Room Air Conditioner Turn-In*

Lifetime Savings/Electric: 3,884,935 (kWh)

■ *Refrigerator Recycling Program*

Lifetime Savings/Electric: 51,524,630 (kWh)

Networking and Education Opportunities

- Midwest Energy Solutions conferences = 8
- Annual Inspiring Efficiency Awards = 6 years
- Inspiring Efficiency Award Recipients = 45
- Thought Leadership Roundtables = 6
- Energy Expos = 5
- Tax Incentive Workshops = 3

“MEEA’s annual conference is a not-to-miss gathering of the thought leadership and implementation muscle leading the Midwest to a more energy-efficient future.”

- Marge Anderson,
Associate Director,
Energy Center of Wisconsin

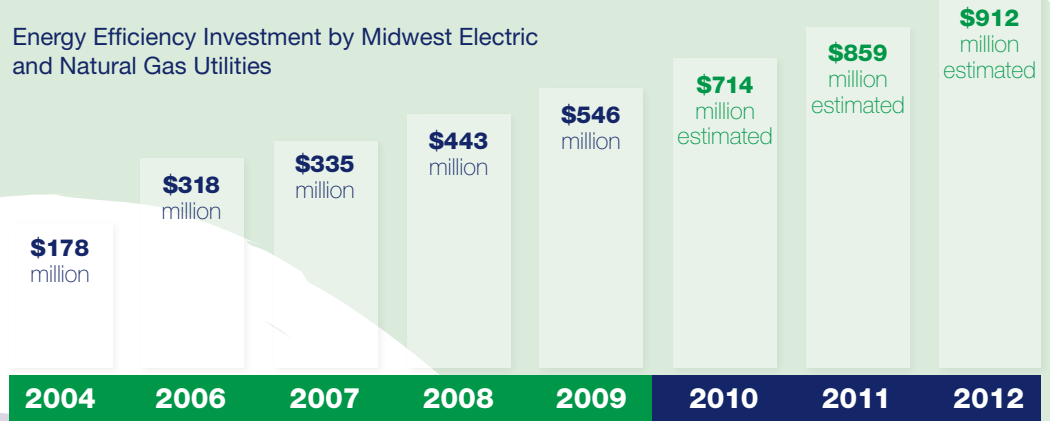

Midwest Regional Accomplishments 10 Years of Growth in Energy Efficiency in the Midwest

“When Ohio passed its new laws mandating energy efficiency benchmarks, many of the Ohio stakeholders reached out to MEEA for information and guidance as they worked their way up the learning curve. MEEA answered the call and has served as a vital resource to the efficiency stakeholders. MEEA has consistently provided strong technical expertise and a collaborative approach to continue to move efficiency initiatives forward in Ohio and across the region”

- Janine Migden-Ostander,
Consumers' Counsel,
Office of Ohio Consumers'
Council

Energy Efficiency Investment by Midwest Electric and Natural Gas Utilities

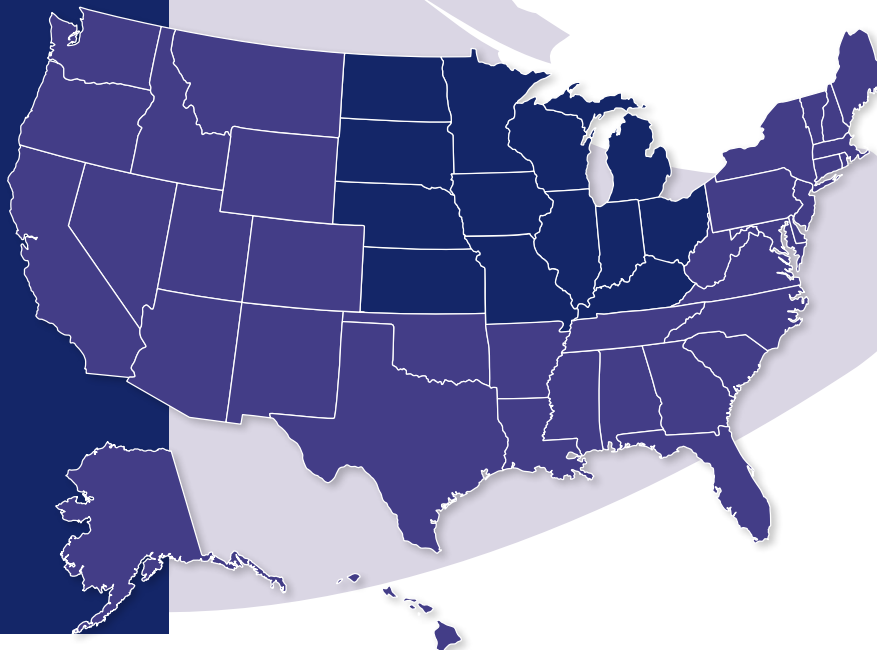

Midwest Energy Efficiency Funding from the American Reinvestment and Recovery Act

- \$725.68 million in State Energy Programs
- \$548.56 million in Energy Efficiency and Conservation Block Grants
- \$1.586 billion in Weatherization Assistance Programs
- \$2.86 billion total for the Midwest

Important Energy Efficiency Resource Standards (EERS)

- 2007:** Illinois Electric EERS and Minnesota Electric and Natural Gas EERS adopted
- 2008:** Michigan Electric and Natural Gas EERS and Ohio Electric EERS adopted
- 2009:** Illinois Natural Gas EERS and Indiana Electric EERS adopted

The 13 states that MEEA represents are:

- Illinois
- Indiana
- Iowa
- Kansas
- Kentucky
- Michigan
- Minnesota
- Missouri
- Nebraska
- North Dakota
- Ohio
- South Dakota
- Wisconsin
