**POSITION ANNOUNCEMENT - WECC
Senior Program Manager**

We are Wisconsin Energy Conservation Corporation (WECC) - a national leader in energy efficiency and renewable energy services. Our organization has an immediate need for a Senior Program Manager.

The Senior Program Manager is directly responsible for the overall administration and success of Wisconsin Energy Conservation Corporation's (WECC's) Market Channels Programs including residential & commercial prescriptive and Retail Programs. Success in this role will result in increased awareness and adoption of targeted energy efficient technologies, delivering on client goals related to energy savings, customer satisfaction and market development while staying within program expense and revenue budgets. Market channels may include energy efficient lighting, heating, ventilation and air conditioning (HVAC), water, electronics and appliances.

Qualified candidates will have a Bachelors degree or equivalent work experience and five (5) years experience of relevant preparatory work required, including: Project Management, budget, staff supervision, contract management and retail exposure. In addition three (3) years of energy efficiency program management experience managing multiple client contracts.

If you meet the above requirements and have an interest in energy efficiency, we hope to hear from you. Please visit our website at <http://www.weccusa.org> and apply online or send your resume to:
