How has 2020 affected you?

- Please jump in by unmuting yourself
- Please type your questions or responses into the chat box

Day Three Agenda

Session 6: 2:00-3:30 pm

The EE and COVID-19 Challenge: A Facilitated Q&A

This session will focus on how the pandemic has impacted managing and improving energy efficiency in existing buildings. We'll have two people from the public sector share experiences and answer questions about energy data, ventilation, and more. Come with your own questions and experiences to share.
