Wisconsin Energy Code Consultant(s) Part-Time Contract Position(s) Request for Qualifications

1. OVERVIEW

The Midwest Energy Efficiency Alliance (MEEA), in association with the Wisconsin Department of Safety and Professional Services (DSPS), and the Slipstream Group, Inc. (SGI), is seeking qualified individuals or organizations to serve as Wisconsin Energy Code Consultants (Consultant). MEEA is seeking one commercial energy code consultant, and one or two residential energy code consultants. Respondents shall clearly state in their submittal if they are submitting qualifications for the commercial position, the residential position(s), or both.

The Consultant should have significant experience with new construction in the state of Wisconsin as a code official, builder, architect, engineer, energy raters, or other construction industry professional. The Consultant should also be familiar with the <u>Wisconsin Energy Conservation Code</u>, including requirements, interpretations, and best practices. An understanding of building science, experience with stakeholder engagement, and/or Wisconsin residency a plus.

The Consultant will work under the day-to-day supervision of the MEEA Project Manager (PM). In general terms, the Consultant will pro-actively reach out to code officials, contractors and subcontractors, design professionals and other energy code stakeholders to provide individual / small group assistance, advice, education, and training on energy code issues of specific interest to the stakeholder. When possible and appropriate, the Consultant will provide these services at the stakeholder place of business or job site.

The geographic territory of the Consultant will be the entire state of Wisconsin, or the case of multiple residential consultants, a defined portion of the state. The anticipated duration of the contract is 6/1/2024 through 6/1/2026, with an option for extending through 12/31/2026, based on funding and performance. Time commitment for the position will be negotiated with the respondent(s), with an anticipated minimum time commitment of 60 hours per month, and up to 120 hours per month.

The Consultant will work with the Project Team (MEEA, SGI, and DSPS) to determine the best ways to reach out to stakeholders and make the industry aware that this free service is available. The Consultant and the Project Team will also work together to establish an outreach plan that includes a schedule of geographic areas to visit and a list of outreach contacts to be made.

Issues that might be addressed by the Residential Consultant include:

Envelope Tightness (ACH50)
Wall / Floor Insulation
Foundation Insulation
Duct Leakage (CFM25)
Energy Code Documentation Review

Window U-Factor Ceiling / Attic Insulation High Efficacy Lighting HVAC System Sizing Insulation Installation Quality

Issues that might be addressed by the Commercial Consultant include:

20 N. Wacker Drive, Suite 1301 Chicago, Illinois 60606 312.587.8390 Main Line 312.587.8391 Fax www.mwalliance.org

Envelope Tightness
Wall / Floor Insulation
Commercial Construction Systems

Energy Code Plan Review

Facades and Fenestration Ceiling / Roof Insulation Lighting / HVAC Control Systems HVAC System Types Performance Based Compliance

2. JOB DESCRIPTION OUTLINES

Job description outlines of the duties and responsibilities of the Consultant are attached as Exhibit A (residential) and Exhibit B (Commercial).

3. AVAILABLE FUNDING

The final contract amount will be established during contract negotiations, but is expected to be in the range of \$33,000 to \$66,000 per contract year, including all expenses (food, lodging, travel, etc.). The Contractor shall be solely responsible for their own federal, state, local, and other taxes. This project is funded through the US Department of Energy (DOE) funded *Building a Strong Foundation for Wisconsin Code Adoption, Compliance, and Local Support project* (Award Number EE0010938).

4. SUBMISSION REQUIREMENTS

Applications will be accepted from both individuals and organizations. Submissions should be concise, providing a straightforward description of the respondent's ability to meet the requirements of this RFQ. Emphasis should be on completeness and clarity of content. No verbal or written information which is obtained other than through this RFQ, or its addenda, shall be binding on MEEA.

Submissions shall be accepted until 4:00 PM Central Time, May 3rd, 2024, or until the positions are filled. Respondents shall email one (1) electronic version of the RFQ materials to rfg-esponse@mwalliance.org. Questions may be submitted to the same email address up to three business days before the submittal deadline.

The response to this RFQ must contain the following:

- 1. Cover Letter: At a minimum the cover letter should explain your interest in the Consultant position, highlight any relevant skills or experience (particularly with the energy code and stakeholder outreach), and provide complete contact information.
 - a. The cover letter must state whether the qualifications are presented for the commercial consultant position, the residential consultant position, or both.
- 2. **Resume:** At a minimum the resume should note diplomas and degrees received, previous employment experience, duration of employment for each position, a summary of the duties and responsibilities of each position, and any special training received, or certifications earned.
 - a. Applications from organizations should include the resume(s) of the individual(s) who will act as the Consultant, as well as an organizational resume. Individuals identified as the Consultant in the response to this RFQ shall be the same individuals who perform the work for this project.

20 N. Wacker Drive, Suite 1301 Chicago, Illinois 60606 312.587.8390 Main Line 312.587.8391 Fax www.mwalliance.org

3. References: Provide a minimum of three professional references that can speak to your experience and ability to perform the work described herein and Exhibit A or Exhibit B as appropriate.

At their discretion, respondents may include up to an additional four pages of information that they feel is relevant to their application. The intent of this option is to allow respondents to submit additional material that provides a more complete description of their interest, experience, and qualifications. There is no penalty or advantage associated with the use of this option.

5. AWARD AND EXECUTION OF CONTRACT

Subject to MEEA's right to reject any or all submissions, the best qualified respondent(s) will be awarded the contract. MEEA and the selected respondent(s) will enter into good faith negotiations on a contract. If agreement on the terms of such a contract cannot be reached after a period deemed reasonable by MEEA in its sole discretion, MEEA may enter into negotiations and sign a contract with any other respondent(s) who submitted complete and timely qualifications as required in this RFQ. No contract or agreement, expressed or implied, shall exist or be binding to MEEA before the execution of a written contract fully executed by both parties.

6. ADDITIONAL CONDITIONS

General Information

- MEEA is an equal opportunity employer and is committed to a policy of nondiscrimination with regard to race, sex, color, age, gender, religion, creed, class, sexual orientation, national origin, and disability.
- This work is being supported by federal funding. As such all relevant federal flow-down requirements shall be applicable to the Contractor.
- All materials submitted in response to this RFQ will become the property of the MEEA.

Successful Respondent's Status

The successful respondent shall at all times be an independent contractor and not an agent, employee, or representative of MEEA, SGI, DSPS, or DOE with regard to performance of the work.

Conflict of Interest

The respondent shall note in their submittal any known conflicts of interest, or the appearance thereof, that might be associated with performing the energy code consultant work described herein.

Denial of Reimbursement

MEEA will not reimburse proposers for any costs associated with the preparation and submittal of any RFQ materials, or for travel and/or per diem costs that are incurred.

Withdrawal of Submission

An RFQ submission may be withdrawn prior to the RFQ due date and time via written notification to the submission email address. However, if a submission is not withdrawn by the due date and time, it shall remain valid for sixty days calendar days from the RFQ due date.
