MEEA
MIDWEST ENERGY EFFICIENCY ALLIANCE

About MEEA

The **Midwest Energy Efficiency Alliance (MEEA)** is the region's key proponent and resource for energy efficiency policy, helping to educate and advise a diverse range of stakeholders on ways to pursue a cost-effective, energy-efficient agenda. Through **partnerships, programs and a dynamic annual conference**, we curate a forward-thinking conversation to realize the **economic and environmental benefits** of energy efficiency.

Who Are MEEA Members?

More than 160...

Utilities	State & Local Government Organizations
Academic & Research Organizations	Manufacturers
Implementers	Advocacy Groups

Get Involved

MEEA Membership

Join MEEA's network of over 160 organizations to connect, collaborate and learn about the latest industry developments.

Midwest Energy Solutions Conference

Attend, sponsor or speak at the Midwest's premier energy efficiency conference held annually in Chicago.

Inspiring Efficiency Awards

Apply for an award or join our application review committee to honor the region's best and brightest.

Committees & Working Groups

Collaborate with MEEA members and staff to develop best practices, pilot innovative ideas and share expertise.

Stay Informed

Newsletters

MEEA Minute – Sign up for our monthly roundup of energy efficiency events, announcements and more.

Policy Insider – Stay up-to-date on policy happenings within our 13 states.

Midwest Building Efficiency Status Report– Get news and analysis on building code adoption, compliance and benchmarking efforts throughout the region.

Webinars

Join the conversation online with the region's top innovators and decision makers. Learn more about the issues and programs that are impacting energy efficiency.

MEEA Unplugged

Follow MEEA's blog with articles from staff experts on industry trends and news updates.

What We Do

Networking

We convene stakeholders from across the industry, and our knowledgeable staff can help connect you with the resources and people you need to know.

Energy Efficiency Policy

We work to build broad support for cost-effective energy efficiency policies and increased investment in the industry. Our staff tracks energy policy developments to keep you informed about the latest happenings.

Training & Education

We provide high-quality training for building operators, HVAC installers and code officials and educational opportunities on energy efficiency for key stakeholders and those new to the industry.

Market Transformation

We leverage in-house expertise and strong regional collaboratives to identify market barriers and implement innovative solutions that accelerate the adoption of new technologies, new programs and best practices.

Building Codes Policy

Through technical assistance and stakeholder engagement, we assist states and localities with adoption, implementation and compliance with cost-effective building energy efficiency policies.

Top 5 Reasons to Join MEEA

Unparalleled Networking

MEEA is the hub connecting innovators, business leaders and decision makers in the Midwest energy efficiency community.

A Policy Advocate in Your Corner

We educate and advise key decision makers to promote energy efficient policies and investment at the local, state and regional level.

Increased Visibility

Demonstrate your organization's commitment to economic and environmental stewardship while increasing recognition among your peers.

Our Team of Experts

Keep your finger on the pulse of the latest policy, technology and program developments with updates from our team of experts.

Reduced Member Pricing and Discounts

Save money for your organization with reduced members-only pricing for the Midwest Energy Solutions Conference and other events.
