

# BUILDING ENERGY CODES

— Saving Energy & Money for Lincoln —

Q How do building energy codes benefit Lincoln's residents & businesses?

Lower energy bills

Healthier indoor air

A stronger economy

If Lincoln updates its building energy code, **over the next 10 years residents will save:**

Consumer Energy Bill Savings

**\$15,319,410**

Total Energy Savings (MMBTUs)

**1,481,751**

Total CO<sub>2</sub>e Savings (Tons)

**142,319**

That's enough to:

Pay for **397** students to attend 4 years of college

Build **118** miles of new bike lanes

Buy **21,885** new laptop computers

In CO<sub>2</sub>e equivalent, that's like:

Powering **13,633** homes

Installing **32** new wind turbines

Removing **27,272** cars from the road

About MEEA: The Midwest Energy Efficiency Alliance (MEEA) is a collaborative network focused on advancing energy efficiency in the Midwest for sustainable economic development and environmental stewardship.
